### Thank You

It has now been 6 months since my arrival at Pueblo Evita and first of all I would like to thank you for your input by filling in our internal questionnaires and talking to me about your ideas to help make the resort look and work even better for you, our members.

As you can imagine during these first 6 months I have made tons of notes and photos of all areas and talked to every member of our team to see how they see Pueblo Evita and where they consider special care should be taken. I have to say that they are a very enthusiastic team and it is very clear that they treat this resort as their own. Many of them have worked here from between 20 to 25 years. For 2012 and the years to come I wish you above all good health, prosperity and many happy moments on your holiday in Pueblo Evita. Please do carry on talking to us as this is the main way we get to know what your requirements are and we are here to make sure Pueblo Evita gets better and better for you and your families. Dagmara, Resort Manger.

### November-December resort closure

This is the time of the year where most of our team here takes their holidays. Reception was closed and just 3 housekeeping staff were in from Monday to Friday. All of the maintenance team was working as this is the time of the year where the most maintenance work can be done in the apartments.

We started in block 6 this year as this block is very popular because of its position around the pool. All furniture and appliances were checked for faults or signs of continuous usage, replaced where necessary and repaired where possible.

Sun bed covers were replaced where needed, BBQ's repainted and hanging flower planters removed. Soft furnishings have been taken down and washed and in many we have placed new pictures.

I am sure if you are staying in block 6 during your holidays you will notice a change. Please let us know what you think!

### Planning your holidays for 2012 & 2013?

To give you plenty of time to plan your holidays for the next couple of years we would like to inform you that in 2012

Pueblo Evita will be closed as of 10th of December and re-open on Saturday 22nd of December. As Christmas falls on Tuesday and New Years Eve the following Monday we will have full restaurant and entertainment programme for you closer to the date. In 2013 we will close on January the 7th and reopen on Saturday, 26th of January. Please contact the resort with any queries

### Costa del Sol weather in January and February

In January and February the *Costa* has a lot of warm days and when the sun is out you can definitely walk around in a T-shirt but in the shade and in the evenings, you will feel the cold. Be sure to pack a jacket, jumper and/or a coat for the evenings as these will be necessary too. Most apartments have marble or stone tiled floors which get chilly so slippers are handy. This is the time of year when you see the Spanish in fur coats and the foreigners in vests and shorts!
