

SUN AND HOPEFULLY MORE SUN

At last we have had some sunshine and we have been able to start painting around the exterior of the resort. The painting we did earlier in the winter got washed away with the rain and even turned green in some places due to damp.

We have completed some major repair work on several terraces and at last the apartments most affected by the heavy rain are drying out. This has been the worst winter in 60 years – but being an eternal optimist I am hoping for the best summer ever.

Needless to say the bad weather has affected our RCI ratings, so again I am asking all our owners to help us recuperate our ratings from now to the end of August by sending excellent comment cards to RCI. You are welcome to come and talk to me about any problems you may have while on the resort.

ACTIVITIES COORDINATOR

I am trying something different this year with the activities. I have booked a very English guy Rob Stevens for April and May when most of our guests are English speaking. Then for the remainder of the season a Spanish speaking English girl who lives here in Spain – Danielle.

Both Rob and Danielle have had plenty of experience in organizing activities, mostly on cruise ships, so I am hoping that our visitors this summer will benefit and find them good and entertaining activities coordinators. They are both also professional entertainers/singers.

Rob has been one of the most popular singers in the Clubhouse since it reopened and it would not surprise me if Danielle is also booked for a night while she is here.

THE CLUBHOUSE

Richard and Lyn who took over the Clubhouse a month ago have got off to a great start. They are putting on good entertainment most nights and our guests are responding by visiting the Clubhouse on a regular basis. Often the tables are booked out before the evening begins.

They are offering a good selection of food on their menu – mostly geared to the English palate. Richard and Lyn have told me that they plan to include some Spanish dishes in the summer when we usually have quite a number of Spanish guests.

Newsletter Spotlight

LOCAL ACTIVITIES

By the time you read this newsletter the processions of Holy Week in Andalusia, which are spectacular, will be well over. Maybe those of you that were here over Easter will have seen some of them.

In April The International Fair: “*La Feria de los Pueblos*” will be held in Fuengirola as it is every year.

Fuengirola is just a short train, bus or car journey from Pueblo Evita.

This is a wonderful fair, which is held in the main fairground of Fuengirola (between the train stations of Fuengirola and Los

Boliches) and lasts for a week. In just one day, you can visit up to 50 countries – or at least a microcosm of each one, since they are represented in full colour and flavour and sound. Each country is allocated its own *caseta* (stand or purpose built area). For over ten years, this annual celebration has grown and become increasingly popular with local residents and visitors alike. From mini German beer festivals, to Irish dancing shows and Cuban rhythmic music and dance, there is something for every taste. The typical dishes and drinks from each country are worth sampling too. It is a very popular festival in Fuengirola and people come from all over, making this one of the highlights of the annual events calendar.

This is a great opportunity to have fun, buy interesting handcrafts, clothes, food and gifts, enjoy great entertainment and even dance the night away. It is like a world tour at a fraction of the price.

STOP PRESS!!!!

Pueblo Evita still has some rental weeks available (standard units only) outside of summer school break weeks. See web site (www.pueblo-evita.com) or call Management Office for details
